A diagram of a stepped shaft with a total length of 60. The shaft has three steps with diameters of 8, 6, and 5. The steps are located at the top, middle, and bottom of the shaft.

Technical drawing of a mechanical part with dimensions. The part is shown in a side view, highlighting its profile and key dimensions. The dimensions are as follows:

- Overall width: 83
- Overall height: 117
- Top horizontal section width: 52
- Top horizontal section thickness: 16
- Top horizontal section height: 6
- Top horizontal section depth: 40
- Top horizontal section width (inner): 8
- Top horizontal section height (inner): 6
- Top horizontal section depth (inner): 51
- Top horizontal section width (inner): 9
- Top horizontal section height (inner): 4.8
- Top horizontal section depth (inner): 65
- Top horizontal section width (inner): 5
- Top horizontal section height (inner): 6
- Top horizontal section depth (inner): 5
- Top horizontal section width (inner): 8
- Top horizontal section height (inner): 5
- Top horizontal section depth (inner): 28
- Top horizontal section width (inner): 75
- Top horizontal section height (inner): 5

Diagram of a T-beam cross-section with dimensions: top flange width 22, top flange thickness 5, web width 5, and total height 40.

Technical drawing of a T-joint. The vertical stem has a top width of 14.50 and a total height of 17.00. The horizontal base has a total width of 50.00 and a thickness of 4.00. The top of the stem is filletted with a radius of R0.50 (TYP). The transition between the stem and the base is filletted with a radius of R2.50 (TYP). The outer corners of the base are filletted with a radius of R0.50 (TYP).

Technical drawing of a mechanical part with the following dimensions:

- Overall width: 46.6
- Distance between vertical lines: 15.2
- Internal horizontal distance: 1.5
- Vertical distance from top to bottom of the left section: 14
- Overall height: 35
